Katherine High School provides an inclusive learning environment where our staff help all students to find every opportunity they need to succeed. We work with these students to find their passion whether it's through art, science, mathematics, engineering, becoming a leader or even a valued member of our community.

Our school has modern facilities with air conditioning and spacious grounds which are located on Grevillea Road, in the close-knit town of Katherine, NT.

We encourage our students to demonstrate our values of Inclusion, Respect, Effort and Resilience through our Positive Behaviour in School program to help create a welcoming school experience.

We do what we do, because we care.
